### Description

**State of system:** System is displaying a request for the customer to type a dollar amount

#### Steps to Reproduce:

1. Select transfer
2. Select checking
3. Select saving
4. Enter a legitimate dollar amount

**Expected Outcome:** System prints a correct receipt showing amount and correct updated balance; System records transaction correctly in the log (showing both message to the bank and approval back)

**Actual Outcome:** The amount transferred has a 50 cent decrease in value, the incorrect value in seen in the log as well

### Comments

Comment by [Jacob Schon](#) [ 27/Jan/23 ]

This issue is resolved from V1.0 to V1.1, the correct transfer amount is now shown in the receipt and log
